Subject: RE: Presentation - AoR and Seismic CBI

Thanks Ben,

We will talk on Wednesday about formatting and submissions and other questions that may have come up on either side.

Nancy

Subject: Presentation - AoR and Seismic CBI

Nancy,

Earlier this evening, GCS submitted two presentations to the CBI Folder in One Drive. The first presentation details the seismic workflow while the second addresses the Area of Review (AoR) delineation, particularly the pressure trigger for defining the AoR.

We are happy to discuss the presentations and any questions they may raise at your convenience. We look forward to our bi-weekly call later this week. All the best.
